

### **KIET TRANSPORT FACILITIES**

KIET provides safe and reliable transport facilities for both day scholars. A fleet of 40 well-maintained buses caters to the transportation needs of around 1400 day scholar students and staff. All vehicles undergo regular inspections to ensure safety standards are strictly followed. The institute employs well-trained drivers who adhere to safe driving practices, and security personnel are stationed near the KIET bus stop to maintain discipline and safety. Dedicated transport coordinators oversee the entire transport system, ensuring smooth and efficient operations at all times.
