First Aid Facilities At Kiet

Kakinada Institute of Engineering Technology (KIET) offers a well-equipped medical facility on campus to address the health needs of students, staff, and faculty. The facility is staffed by a qualified medical practioner who is available to provide first aid and basic medical care in case of emergencies and also in-house ambulance facility. This ensures that immediate medical attention is readily accessible, enhancing the overall safety and well-being of the campus community. In case immediate treatment beyond first-aid is required, KIET has a tie-up with Trust Hospital in Kakinada and also coordinates with Tallarevu Government Hospital for emergency medical care. The medical facility is an integral part of KIET's commitment to fostering a healthy and supportive environment for everyone on
