Availability of Provision/Facilities to Conduct Online Meetings, Webinars, Classes, and Examinations at KIET

KIET-W is fully equipped with modern digital infrastructure to conduct online meetings, webinars, virtual classes, and examinations. The institution utilizes platforms like Zoom, Google Meet, and Microsoft Teams for seamless communication and interactive sessions. High-speed internet connectivity, smart classrooms, and dedicated computer labs support uninterrupted virtual learning. These facilities ensure academic continuity and active engagement in both curricular and co-curricular activities, even in remote or hybrid learning scenarios.
