LABORATORY EQUIPMENT FACILITIES AT KIET

Kakinada Institute of Engineering and Technology (KIET) ensures the availability of all required laboratory equipment for the effective conduct of experiments across various disciplines. The institute is fully equipped with modern instruments and tools in Physics, Chemistry, Engineering Drawing, Robotics, Python, C-Language, and other core engineering subjects. Each lab is maintained as per academic and industry standards to provide hands-on learning experiences. This strong infrastructure enables students to gain practical knowledge and strengthen their conceptual understanding through real-time experimentation and skill-based training.
